I am excited to submit my application for this part-time web developer position at Facet Enterprises.

I found this job posting online and after comparing the responsibilities to my skills and interests, I jumped at the chance to apply.

I believe my 3 years of experience in software engineering have allowed me to develop the critical skills needed to excel in this position.

In my resume, as well as the page below, I have taken the time to highlight some of the specific experiences that have prepared me to be a strong contributor to your team in this web developer role.

- | | |
|----------------------|--|
| Communication | ✓ Able to transfer ideas and listen. |
| Grit | ✓ Passionate, hard-working and endurance. |
| Analysis | ✓ Break down problems into manageable tasks. |
| Student | ✓ Constantly learning. |

Finally, I am thrilled at the prospect of joining such an impressive organization. [Company name] has a great reputation and strong values that closely align with my own. I would be grateful for the chance to contribute to your future success. Thank you very much for reviewing my application and I look forward to furthering the communication.

Sincerely,

Franses Jipson
